SUMARY

Dedicated and forward-thinking B.Tech. student, passionate about software development and web solutions. Seeking a challenging Software Developer role where I can leverage my strong foundation in programming, web development expertise, and practical experience gained through internships and projects to contribute to dynamic teams, solve complex problems, and drive innovative software solutions. Eager to apply my skills in HTML, CSS, JavaScript, PHP, and database management to create user-centric applications and make a positive impact in the field of software development.

EXPERIENCE

Java Developer Intern

OctaNet Software Solutions, Odisha Virtual Internship (September 2023 - Preset)

PROJECTS

Smart Dustbin

- Developed a Smart Dustbin system using Arduino UNO.
- Implemented automated trash disposal based on sensor input.
- Showcased efficient waste management and environmental consciousness.

University Website

- Designed and developed a University Website using HTML, CSS, JavaScript, XML, JSON, PHP, and MySQL.
- Implemented user authentication for students and teachers to access personalized information.
- Created a student portal to view marks, attendance, and calculate CGPA.
- Developed a teacher portal to update student attendance and marks.
- Utilized MySQL database for data storage and retrieval.
- Demonstrated proficiency in full-stack web development and database management.
